

MUSTANG SURVIVAL

WE SAVE LIVES FOR A LIVING

INTRODUCING THE NEW STANDARD FOR MARITIME TACTICAL AND SPECIAL OPERATIONS PROFESSIONALS

Sentinel™ Series – Tactical Operations Dry Suit (MSD674 TO)

Our Sentinel™ series tactical operations dry suit is a waterproof & breathable constant wear dry suit ideal for users engaged in potentially hostile military and law enforcement maritime operations which require immersed hypothermia protection that won't hinder the primary mission objectives. The MSD674 TO was specifically designed with feedback from Naval Special Warfare, select US federal tactical units and state & local police SWAT teams. The result is a durable, lighter and better fitting dry suit with features found on industry leading combat and tactical uniforms.

Exclusive to Mustang Survival, the Sentinel series dry suits feature:

- Mobility Based Sizing™ – offers users a semi-custom size fit that reduces bulk and increases mobility without the custom price tag
- Rapid Repair Technology™ – enables users to field replace neck and wrist seals and repair small leaks in an hour or less

Neck seal protective collar for improved abrasion protection

Rapid Repair CCSTM adjustable neck seal allows the user to easily vent the suit reducing the thermal burden, but quickly close the neck seal with one hand to make it watertight

Military grade BD6.5 GORE-TEX® waterproof and breathable dry suit fabric

Low profile zipper entry and relief openings designed for increased comfort, easier operation and less maintenance than traditional dry zippers

2 expanding arm pockets with an internal lanyard attachment point, external pen/eye pro pockets and covered in Velcro for attaching ID patches

New two-point attachment removable suspender system for improved fit, mobility and comfort over traditional suspender systems

1050 Denier ballistic nylon* reinforced flexible molded foam elbow pads

Velcro® waist adjustment with loops for removable duty belt keepers to help hold gun belts & harnesses in place

1050 Denier ballistic nylon* reinforced wrist overcuffs with Velcro® closures for adjustability

1050 Denier ballistic nylon reinforced seat

2 expanding thigh cargo pockets with an internal lanyard attachment point, magazine pocket and light/tool pocket

1050 Denier ballistic nylon reinforced flexible molded foam knee pads

Back knee tabs to secure knee pads in place

2 expanding calf cargo pockets with Velcro® closures and an internal lanyard attachment point

1050 Denier ballistic nylon* reinforced overcuffs with Velcro® closures for adjustability

Integrated universal size GORE-TEX® dry socks

SIZE	New Mobility Based Sizing: 24 individual sizes available (8 standard and 16 special order). Visit www.mustangsurvival.com/mobility
COLORS	■ Black
CUSTOMIZATION	Agency markings and other colors available by special order
CLO	Immersed Clo 0.66 when worn with Mustang Survival dry suit liner MSL600 and silk weight thermal underwear
ACCESSORIES	MA7348: Neoprene Survival Hood MA2292: Zipper Lubricant

*1050 Denier ballistic nylon offers higher abrasion resistance than Kevlar blends

OPTIONS & ACCESSORIES

SENTINEL™ SERIES – DRY SUIT LINER

MSL600 / MSL601 (with drop seat)

This dry suit liner provides extra insulation and thermal protection when in cold water and also helps reduce the thermal burden out of the water.

FEATURES

- A combination of Polartec® Classic 200 and Polartec® Power Stretch 4-way stretch with a durable, smooth outer layer that is abrasion resistant, and a soft inner layer that pulls moisture away from the skin
- Less bulky fit as a result of stretch fleece integration in lower back, arms and legs
- Specifically designed to work with Sentinel Series dry suits and is compatible with any Mustang Survival dry suit
- Fitting straps at the thumbs and ankles
- Machine washable

SIZE	New Mobility Based Sizing (regular length only) Visit www.mustangsurvival.com/mobility
COLOURS	■ Black
CLO	Provides up to 0.66 immersed Clo when worn with a Mustang Survival dry suit and silk-weight next to skin thermal underwear

COMPACT TACTICAL LIFE PRESERVER

Auto Hydrostatic
MD3196 (auto)

The MD3196 is a compact life preserver that has been designed specifically for easy integration with MOLLE (Modular Lightweight Load-carrying Equipment) body armor and tactical vests that use webbing.

FEATURES

- Manual inflator with automatic hydrostatic backup
- 35 lbs (150 N) of buoyancy
- SecureZIP™ closure withstands rigorous activity and is easy to repack
- A three point attachment system provides quick integration to MOLLE style vests
- For wear without MOLLE, use Stand Alone Harness MA3090 (sold separately)
- Lightweight, comfortable and compact
- Can be converted to manual-only use with MA7219, Manual Conversion Cap (sold separately)

COLORS	■ Black ■ Tan (shown)
PATENTS	US Patent no. 6,832,415 CDN Patent Pending
RE-ARM KIT	Auto Hydrostatic: MA7214 10
ACCESSORIES	Manual Conversion Cap: MA7219 Stand Alone Harness: MA3090

TACTICAL INFLATABLE SIDE POUCH PFD

Auto Hydrostatic
MD1250 / MD1250 SO

The low profile MD1250 provides flotation capability with minimum bulk or interference using separate, independently operated left and right side pouches.

FEATURES

- Option to wear on a standard or padded LE belt or attach directly to Pouch Attachment Ladder System (PALS) webbing on Modular Lightweight Load-carrying Equipment (MOLLE) vests
- Sold as a pair (right and left units). Each unit provides 35lb buoyancy for a combined 70 lb buoyancy
- Includes Manual Conversion Cap, MA7219, for each side

COLORS	■ Black (shown) ■ Tan
RE-ARM KIT	MA7214 10 (x2)
