

# MUSTANG SURVIVAL / EP OCEAN RACING SERIES

## EP LITE OCEAN RACING SPRAY SMOCK

### MJ6500/ EP LITE OCEAN RACING SPRAY SMOCK

A stripped-down design with waterproof performance for high activity use. Reflective chest and sleeve pockets, reinforced hanging loops, retroreflective and photoluminescent nameplate.

#### ENDURANCE LITE™

This GORE-TEX® Pro minimalist waterproof smock lets you work hard and stay dry. Unlike traditional waist gaskets, our Sharkskin Neoprene Waist Gasket has been glued in to create a watertight seal.

#### ARMORED CONSTRUCTION™

Fully seam sealed GORE-TEX® Pro and 1000D Cordura® reinforcements create a durable, high-activity smock for when you need to really get to work.

#### ADAPTIVE COMFORT™

With the quick adjusting capabilities of CCS™ neck seals and Exoskin® adjustable cuffs, venting can be locked down when conditions turn wet, yet activity remains high.

#### RESPONSIVE FIT™

The enhanced athletic cut of the Spray Smock streamlines from shoulder to waist allowing the waist gasket to be fully waterproof through the addition of gluing. Adjustable waist tabs allow for further refinement of fit.
