

FIRST RESPONDER WATER RESCUE KIT (MRK110)

The Mustang Survival Water Rescue Kit contains everything the first responder needs to conduct a basic emergency water rescue: 1 M.I.T. 100 Inflatable PFD (MD2014) to protect the officer, 1 Rescue Stick™ (MRD100) to stabilize the victim, and 1 Throw Bag (MRD175) to retrieve the victim, all in a heavy duty storage case.

The M.I.T. 100 is a collar-style PFD that inflates manually when the activation cord is pulled

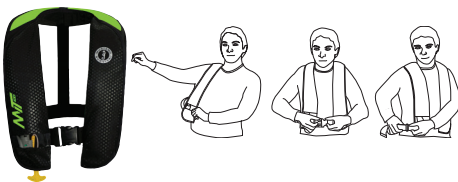

The Rescue Stick™ is a high-accuracy, throwable buoyancy aid that inflates automatically upon water contact

This case meets military, ATA and federal specifications

The throw bag includes 75' of floating polypropylene rope

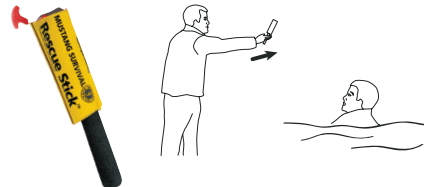

1. Call for Assistance / Back-up

2. Protect Yourself

Don the Inflatable PFD in order to protect yourself in case of accidental immersion.

3. Stabilize the Victim

Throw the Rescue Stick™ to the victim. The device automatically inflates when immersed in water.

4. Retrieve the Victim

- 1) Loosen drawstring (A) and open buckle (B).
- 2) Hold the top of the bag in your strong (dominant) hand, and the end of the rope in the other.
- 3) Throw THE BAG directly at the victim. Once the victim has a hold on the rope, slowly pull to safety.
